Dear Hiring Manager,

I am writing to express my interest in the **Senior Full Stack Engineer** position at your company. With 7 years of experience in designing, developing, and optimizing scalable software solutions, I specialize in **JavaScript**, **TypeScript**, **React**, **Node.js**, and **Spring Boot**. I am confident that my background in both front-end and back-end development, combined with my leadership skills and passion for delivering high-quality software, makes me a strong candidate for your team.

In my current role as a **Senior Full Stack Engineer** at **Loblaw Digital**, I led the design and development of high-performance advertisement systems using **Next.js** and **React**, seamlessly integrating them with **Spring Boot** to manage complex business logic for e-commerce pricing and promotions. I have also enhanced **RESTful API** performance, resulting in a 30% improvement in query execution and user experience. Additionally, I spearheaded the implementation of **CI/CD pipelines** with **GitLab** and **Jenkins**, optimizing deployment processes and ensuring efficient releases in **Kubernetes** environments.

Previously, at **PayPal**, I managed the migration of legacy components and implemented a modern design system, improving scalability and maintainability. I also led a team of software engineers, driving a 30% increase in productivity and reducing project delivery time by 50%. My experience in **CI/CD optimization**, **AWS microservices**, and **test-driven development (TDD)** ensures that I can contribute to both the technical and collaborative needs of your engineering team.

I am excited about the opportunity to bring my skills and expertise to your company. I believe my experience in architecting and optimizing software solutions, mentoring teams, and driving innovation aligns with the values and goals of your organization. Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your team's continued success.

Sincerely,

Anooshervon Rahmatov
